

STANDARD LOCKER RANGE 300MM & 380MM WIDE

Product Description

The Statewide Locker is an Australian made product constructed of 100% recyclable Bluescope steel. Our lockers range from a single door suitable for hanging clothes or work gear, up to a 12 door version for smaller personal items such as phones or wallets. The standard widths are 300mm and 380mm, however custom sizes are available on application and tend to be better suited to volume orders. There is a comprehensive range of locks available including digital keypad, RFID, coin return, latchlocks and more. For cater for OH&S requirements, sloping tops can be fitted, as well as stands, stands & seats or just seats if required.

Features

- > 100% Australian Made
- > Bluescope steel
- > Lifetime warranty
- > Fully welded
