

# U.R

### U.R

Flexible, versatile and environmentally-friendly...
U.R is the smarter choice.

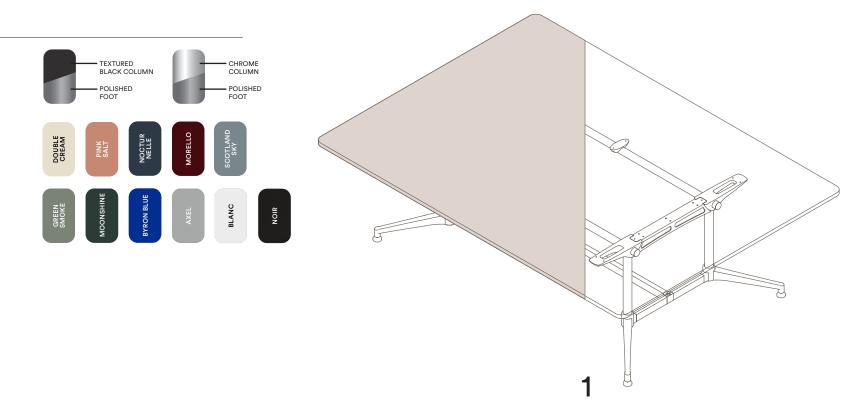

An environmentally considered table system, U.R draws on Life Cycle Assessments (LCA) to determine the most appropriate materials, and Finite Element Analysis (FEA) to ensure the strongest structure while eliminating waste. Skilfully designed for 100% disassembly, U.R is all ready for recycling.

# Table Finishes

#### 1. Frame Finishes

Standard U.R frame finishes include black or chrome legs with a polished foot. U.R is also available in our current season powdercoat colours listed, with custom colour optional.

Colours are representative only, please check with your Thinking Works consultant to view samples of any specific colour.

# Tables Round/Square

#### **Materials Information**

#### Leg Finish
